PROJECTS

Snappy-Chat Application
- This project is wholly based on React JS, NodeJs, Express, MongoDB, and Socket Io.
- Register, login, and logout functionality and save user data to MongoDB, and password is encrypted.
- Socket Io is used for bidirectional communication between the server and the client and we used emoji-picker-react library to use emojis.

A Blog Website
- Dynamic website based on React, NodeJs, express, and MongoDB.
- Users can register new posts. And only the author can edit his post. Anyone can comment in any post.
- JWT token library is used

My Portfolio Website
- This website has complete information about me. This is based on HTML, CSS, and JavaScript.
- Added some Beautiful animation and completely responsive website.
- All project are hosted here.

CERTIFICATES

- DSA Excellence in Coding Ninjas 🔗
- Frontend Excellence in Coding Ninja 🔗
- Backend Excellence in Coding Ninja 🔗

EXTRACURRICULAR ACTIVITIES

Shiksha Society
Volunteer
08/2019 – 06/2023 | NIT Kurukshetra

- This is a society of our college. Here we provide free education to underprivileged children and organize events like science exhibition, drawing competitions, dancing, and singing competitions for their overall growth.

INTERESTS

Football, Badminton, Web Development
